## Share Purchase Plan Extension

Pioneer Resources Limited ("Company" or "Pioneer") (ASX:PIO) is pleased to advise that further to the Company's previous announcement dated 27 June 2016 regarding its Share Purchase Plan ("SPP") the Board has decided to extend the closing date for the SPP offer by one week. Applications will now be accepted until 5.00pm (Perth time) on **Wednesday 20 July 2016**. The response to the SPP by eligible shareholders has been extremely positive and the Company continues to receive application enquiries from shareholders so the extension will ensure that all eligible shareholders have ample time to submit their applications and are able to participate. The extension of the offer period will also allow eligible shareholders more time to consider their position, based on today's positive announcement regarding the Company securing an option to acquire an interest in the Raleigh Lithium Project, located in Ontario Canada.

Under the Plan, eligible shareholders are able to subscribe for up to \$15,000 worth of shares at an offer price of 3.6 cents each without participants being required to pay brokerage or other costs.

Key features of the Plan include:

- **Eligible shareholders may purchase shares to the value of \$900, \$1,800, \$2,700, \$3,600, \$5,400, \$9,000, \$13,500, or \$15,000.**
- **Applications will continue to be managed on a "first in first served basis" and in any case must be received by no later than at 5.00pm (WST) on Wednesday 20 July 2016.**
- **Shares under the Plan are expected to be issued on or about Wednesday 27 July 2016.**

The fundraising is designed to underpin the progression of the Company's ongoing exploration programs including at the recently acquired Mavis Lithium Project in Ontario, Canada as well as the Company's extensive portfolio of lithium, gold and nickel projects in Western Australia.

***If eligible shareholders have already sent in their applications – thank you – no further action is required.***
