Directors' Report (continued)

REMUNERATION REPORT

Recommendation 8.1 of the ASX Corporate Governance Council's second edition of its Corporate Governance Principles and Recommendations (August 2007) states that the Board should establish a Remuneration Committee. The Board has formed the view that given the number of Directors on the Board, this function could be performed just as effectively with full Board participation. Accordingly it was resolved that there would be no separate Board sub-committee for remuneration purposes.

This report details the amount and nature of remuneration of each Director of the Company. Other than Directors, there were no executive officers of the Company during the year.

Overview of Remuneration Policy

The Board of Directors is responsible for determining and reviewing compensation arrangements for the Directors and the executive team. The overall remuneration policy is to ensure that remuneration properly reflects the relevant person's duties and responsibilities, and that the remuneration is competitive in attracting, retaining and motivating people of the highest quality. The Board believes that the best way to achieve this objective is to provide the Managing Director and the executive team with a remuneration package consisting of a fixed and variable component that together reflects the person's responsibilities, duties and personal performance. An equity based remuneration arrangement for the Board and the executive team is in place. The remuneration policy is to provide a fixed remuneration component and a specific equity related component, with no performance conditions. The Board believes that this remuneration policy is appropriate given the stage of development of the Company and the activities which it undertakes and is appropriate in aligning Director and executive objectives with shareholder and business objectives.

The remuneration policy in regard to setting the terms and conditions for the Managing Director has been developed by the Board taking into account market conditions and comparable salary levels for companies of a similar size and operating in similar sectors.

Directors receive a superannuation guarantee contribution required by the government, which is currently 9% per annum and do not receive any other retirement benefit. Some individuals, however, have chosen to sacrifice part or all of their salary to increase payments towards superannuation.

All remuneration paid to Directors is valued at cost to the Company and expensed. Options are valued using the Black-Scholes or Binomial valuation methodology. In accordance with current accounting policy the value of these options is expensed over the relevant vesting period.

Non-Executive Directors

The Board policy is to remunerate Non-Executive Directors at market rates for comparable companies for time, commitment and responsibilities. The Board determines payments to the Non-Executive Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of fees that can be paid to Non-Executive Directors is subject to approval by shareholders at a General Meeting. The annual aggregate amount of remuneration paid to Non-Executive Directors was approved by shareholders on 19 November 2009 and is not to exceed \$400,000 per annum. Actual remuneration paid to the Company's Non-Executive Directors is disclosed below. Remuneration fees for Non-Executive Directors are not linked to the performance of the consolidated entity. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company and have in limited circumstances received options.

On 19 November 2009 shareholders approved the issue of options to Messrs McGown, Crook and Trench as part of their remuneration. In addition on 31 May 2010 shareholders approved the issue of options to Mr Spilsbury. The options are as outlined in Note 19(b) to the full financial report. The options had no performance conditions attached to the share based remuneration.

Managing Director and Senior Management

The remuneration of the Managing Director is dictated by his executive service agreement.

The Company aims to reward executives with a level of remuneration commensurate with their position and responsibilities within the Company so as to:

- Reward executives for Company and individual performance against targets set by reference to appropriate benchmarks;
- Reward executives in line with the strategic goals and performance of the Company; and
- Ensure that total remuneration is competitive by market standards.

Directors' Report (continued)

REMUNERATION REPORT (continued)

Structure

Remuneration consists of the following key elements:

- Fixed remuneration;
- Fixed remuneration levels dictated by benchmark criteria; and
- Issuance of unlisted options

Fixed Remuneration

Fixed remuneration consists of base remuneration (which is calculated on a total cost basis including any employee benefits eg. motor vehicles) as well as employer contributions to superannuation funds.

The level of fixed remuneration is set so as to provide a base level of remuneration which is both appropriate to the position and is competitive in the market.

Remuneration packages for the staff who report directly to the Managing Director are based on the recommendation of the Managing Director, subject to the approval of the Board in the annual budget setting process.

Fixed Remuneration Benchmarks – Managing Director only

The remuneration of the Managing Director is linked to benchmarks associated with the Company's operational targets. These targets consist of a number of key performance indicators including acquisition or discovery of a significant economic mineral resource, enhancing corporate credibility and creation of value for shareholders.

At the end of the calendar year the Board assesses the actual performance of the consolidated entity and individual against the key performance indicators previously set. Any cash incentives and/or options granted require Board approval. Options proposed to be granted to the Managing Director also require shareholder approval.

Service Agreement

The Managing Director, Mr David Crook is employed under contract. The current Service Agreement commenced on 1 January 2004.

Under the terms of the present contract:

- The Service Agreement has no fixed term.
- Mr Crook may resign from his position and thus terminate the contract by giving two months written notice. On resignation any options that have not yet vested will lapse.
- The Company may terminate the contract by providing two months written notice or provide payment in lieu of notice by the Company. Any options that have vested, or will vest during the notice period will be released, whilst the options that have not yet vested will be forfeited.
- The Company may terminate the contract at any time without notice if serious misconduct has occurred. Where termination with cause occurs, the Managing Director is only entitled to that portion of remuneration which is fixed, and only up to the date of termination. On termination with cause, any unvested options will immediately lapse.
- If the Managing Director and the Company agree to terminate the contract by mutual consent, or if the Managing Director is removed, or if the Company enters into a deed of arrangement with creditors, placed under the control of receivers or is in breach of regulations, the Company will pay a sum to the Managing Director calculated in accordance with section 200G9(3) of the *Corporations Act 2001*.

Corporate Governance Statement

Pioneer Resources Limited (or “the Company”) is committed to implementing and maintaining the highest standards of corporate governance. In determining what those high standards should involve, the Company has turned to the ASX Corporate Governance Council’s second edition of its *Corporate Governance Principles and Recommendations (August 2007)*. The ASX Listing Rules require the Company to report on the extent to which it has followed the recommendations published by the ASX Corporate Governance Council.

This statement outlines the main corporate governance practices in place during the financial year, which comply with the ASX Corporate Governance Council recommendations unless otherwise stated.

Further information about the Company’s corporate governance practices are set out on the Company’s website at www.PIOresources.com.au.

1. BOARD OF DIRECTORS

1.1 Role of the Board and Management

The Board of Pioneer Resources Limited is responsible for its corporate governance, that is, the system by which the Company and its wholly owned controlled entity (“consolidated entity”) is managed. In governing the consolidated entity, the Directors must act in the best interests of the consolidated entity as a whole. It is the role of senior management to manage the consolidated entity in accordance with the direction and delegation of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties.

In carrying out its governance role, the main task of the Board is to drive the performance of the consolidated entity. The Board must also ensure that the consolidated entity complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body. The Board has the final responsibility for the successful operations of the consolidated entity.

To assist the Board to carry out its functions, it has developed a Code of Conduct to guide the Directors and key executives in the performance of their roles. The Code of Conduct is detailed in Section 3.1 of this statement and is contained on the Company’s website.

The Board represents shareholders’ interests in developing and then continuing a successful mineral resources business, which seeks to optimise medium to long-term financial gains for shareholders.

The Board is responsible for ensuring that the consolidated entity is managed in such a way to best achieve this desired result. Given the size of the consolidated entity’s exploration activities, the Board currently undertakes an active, not passive role.

The Board is responsible for evaluating and setting the strategic directions for the consolidated entity, establishing

goals for management and monitoring the achievement of these goals. The Managing Director is responsible to the Board for the day-to-day management of the consolidated entity.

The Board has sole responsibility for the following:

- Appointing and removing the Managing Director and any other executive director and approving their remuneration;
- Appointing and removing the Company Secretary/Chief Financial Officer and approving their remuneration;
- Determining the strategic direction of the consolidated entity and measuring the performance of management against approved strategies;
- Reviewing the adequacy of resources for management to properly carry out approved strategies and business plans;
- Adopting operating and exploration expenditure budgets at the commencement of each financial year and monitoring the progress by both financial and non-financial key performance indicators;
- Monitoring the consolidated entity’s medium term capital and cash flow requirements;
- Approving and monitoring financial and other reporting to regulatory bodies, shareholders and other organisations;
- Determining that satisfactory arrangements are in place for auditing the consolidated entity’s financial affairs;
- Reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and compliance with legislative requirements; and
- Ensuring that policies and compliance systems consistent with the consolidated entity’s objectives and best practice are in place and that the consolidated entity and its officers act legally, ethically and responsibly on all matters.

The Board’s role and the consolidated entity’s corporate governance practices are being continually reviewed and improved as the consolidated entity’s business develops.

The Managing Director is responsible for running the affairs of the consolidated entity under delegated authority from the Board and implementing the policies and strategy set by the Board. In carrying out his responsibilities the Managing Director must report to the Board in a timely manner and ensure all reports to the Board present a true and fair view of the consolidated entity’s operational results and financial position.

The role of management is to support the Managing Director and implement the running of the general operations and financial business of the consolidated entity, in accordance with the delegated authority of the Board.

Corporate Governance Statement (continued)

1.2 Composition of the Board

To add value to the consolidated entity, the Board has been formed so that it has effective composition, size and commitment to adequately discharge its responsibilities and duties. The names of the Directors and their qualifications and experience are disclosed in the Directors' Report.

Directors are appointed based on the specific governance skills required by the consolidated entity and on the independence of their decision-making and judgement.

The consolidated entity recognises the importance of Non-Executive Directors and the external perspective and advice that Non-Executive Directors can offer. Mr McGown the Non-Executive Chairman, Dr Trench and Mr Spilsbury are all Non-Executive Directors and are also considered independent. From the Company's perspective Directors are considered to be independent when they are independent of management and free from any business or other relationship which could materially interfere with – or could reasonably be perceived to materially interfere with – the exercise of their unfettered and independent judgement.

If the consolidated entity's activities increase in size, nature and scope the size of the Board will be reviewed and the optimum number of directors required for the Board to properly perform its responsibilities and functions will be re-assessed.

Directors are initially appointed by the full Board subject to election by shareholders at the next Annual General Meeting. Under the Company's Constitution the tenure of Directors (other than Managing Director) is subject to re-appointment by shareholders not later than the third anniversary following their last appointment. Subject to the requirements of the *Corporations Act 2001*, the Board does not subscribe to the principle of retirement age and there is no maximum period of service as a Director. A managing director may be appointed for any period and on any terms the Directors think fit and, subject to the terms of any agreement entered into, the Board may revoke any appointment.

1.3 Responsibilities of the Board

In general, the Board is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the consolidated entity. It is required to do all things that may be necessary to be done in order to carry out the objectives of the consolidated entity.

Without intending to limit this general role of the Board, the principal functions and responsibilities of the Board include the following:

Overseeing the consolidated entity and establishing codes that reflect the values of the consolidated entity and guide the conduct of the Board, management and employees.

Each member of the Board is committed to spending sufficient time to enable them to carry out their duties as a Director of the Company.

1.4.3 Confidentiality

In accordance with legal requirements and agreed ethical standards, Directors and key executives of the Company have agreed to keep confidential, information received in the course of the exercise of their duties and will not disclose non-public information except where disclosure is authorised or legally mandated.

1.4.4 Independent Professional Advice

The Board collectively and each Director has the right to seek independent professional advice at the Company's expense, up to specified limits, to assist them to carry out their responsibilities.

1.4.5 Related Party Transactions

Related party transactions include any financial transaction between a Director and the consolidated entity. Unless there is an exemption under the Corporations Act 2001 from the requirement to obtain shareholder approval for the related party transaction, the Board cannot approve the transaction.

2. BOARD COMMITTEES

The Board considers that the consolidated entity is not currently of a size, nor are its affairs of such complexity to justify the formation of separate or special committees at this time. The Board as a whole is able to address the governance aspects of the full scope of the consolidated entity's activities and to ensure that it adheres to appropriate ethical standards.

2.1 Audit Committee

Due to its size and composition, the Board has not established a separate audit committee as recommended by Recommendation 4.1. However, the external auditor has full access to the Board throughout the year.

In the absence of an audit committee, the Board when required sets aside time at Board meetings to deal with the issues and responsibilities usually delegated to the audit committee so as to ensure the integrity of the financial statements of the consolidated entity and the independence of the external auditor.

The Board in its entirety reviews the audited annual financial statements and the audit reviewed half-yearly financial statements and any reports which accompany published financial statements. The Board also considers the appointment of the external auditor and reviews the appointment of the external auditor, their independence, the audit fee and any questions of resignation or dismissal.

The Board is also responsible for establishing policies on risk oversight and management.

2.2 Remuneration Committee

The Company does not have a remuneration committee in accordance with Recommendation 8.1 because it would not be a more efficient mechanism than the full Board for focusing the Company on specific issues.

The responsibilities of the Board in its entirety include setting policies for senior officers' remuneration, setting the terms and conditions of employment for the Managing Director, reviewing the Pioneer Resources Limited Directors', Officers', Employees' and Other Permitted Persons' Option Plan, reviewing superannuation arrangements, reviewing the remuneration of Non-Executive Directors and undertaking an annual review of the Managing Director's performance, including, setting with the Managing Director goals for the coming year and reviewing progress in achieving those goals.

The Company is committed to remunerating its executives in a manner that is market competitive and consistent with best practice as well as supporting the interests of shareholders.

There is no scheme to provide retirement benefits, other than statutory superannuation, to Non-Executive Directors.

Corporate Governance Statement (continued)

For a full discussion of the Company's remuneration philosophy and framework and the remuneration received by Directors in the current period please refer to the Remuneration Report, which is contained within the Directors' Report.

Overall Director Remuneration: Shareholders must approve the framework for any equity schemes if a Director is recommended for being able to participate in such a scheme.

Non-Executive Director Remuneration: Shareholders approve the maximum aggregate remuneration for Non-Executive Directors. The maximum aggregate remuneration approved for Non-Executive Directors is currently \$400,000 per annum.

2.3 Nomination Committee

A separate nomination committee has not been formed as required under Recommendation 2.4 as the Board considers the selection and appointment of Directors should be the responsibility of the full Board and that no benefits or efficiencies are to be gained by delegating the function to a separate committee.

The responsibilities of the Board in its entirety include devising criteria for Board membership, regularly reviewing the need for various skills and experience on the Board and identifying specific individuals for nomination as Directors for review by the Board. The Board also oversees management succession plans including the Managing Director and his direct reports, and evaluates the Board's performance and makes recommendations for the appointment and removal of Directors.

Directors are appointed based on the specific governance skills required by the consolidated entity. Given the size of the consolidated entity and the business that it operates, the Company aims at all times to have at least one Director with experience in the mining and exploration industry, appropriate to the Company's market.

3. PROMOTING ETHICAL AND RESPONSIBLE DECISION-MAKING

The Board acknowledges the need for continued maintenance of the highest standard of corporate governance practice and ethical conduct by all Directors and employees of the consolidated entity.

3.1 Code of Conduct for Directors and Key Executives

The Board has adopted a Code of Conduct for Directors and key executives to promote ethical and responsible decision-making as per Recommendation 3.1. These stakeholders include employees, government authorities, creditors and the community as whole.

In accordance with the provisions of the Corporations Act 2001 and the ASX Listing Rules, the Company on behalf of the Directors must advise the ASX of any transactions conducted by them in the securities of the Company.

The policy stipulates that the only appropriate time for a Director or employee to deal in the Company's securities is when they are not in possession of price sensitive information that is not generally available to the market. A Director wishing to deal in the Company's securities may only do so after first having advised the Chairman of his intention. An employee wishing to deal must first notify the Managing Director.

5. INTEGRITY OF FINANCIAL REPORTING

In accordance with the Board's policy, the Managing Director and the Company Secretary/Chief Financial Officer made the attestations recommended by the ASX Corporate Governance Council and section 295A of the Corporations Act 2001 as to the consolidated entity's financial condition prior to the Board signing this Annual Report.

On submission of a set of the Company's financial reports for review by the Board, senior management confirms that to the best of their knowledge and ability the financial reports present a true and fair view in all material aspects of the Company's financial condition and that operational results are in accordance with relevant accounting standards.

Further, the statement made by senior management regarding the integrity of the financial statements also includes a statement regarding risk management and internal compliance and control which influence the policies adopted by the Board.

6. CONTINUOUS DISCLOSURE AND SHAREHOLDER COMMUNICATION

6.1 Continuous Disclosure to ASX

The Company has a formal Continuous Disclosure and Information Policy as required by Recommendation 6.1. This policy was introduced to ensure that Pioneer Resources Limited achieves best practice in complying with its continuous disclosure obligations under the *Corporations Act 2001* and ASX Listing Rules and ensuring the Company and individual officers do not contravene the *Corporations Act 2001* or ASX Listing Rules.

The Managing Director is responsible for interpreting and monitoring the Company's disclosure policy and where necessary informing the Board. Either the Managing Director or Company Secretary is responsible for all communications with ASX.

6.2 Communication with Shareholders

The Company places considerable importance on effective communications with shareholders. The Company's Shareholder Communications Strategy is available on the Company's website.

The Company's communication strategy requires communication with shareholders and other stakeholders in an open, regular and timely manner so that the market has sufficient information to make informed investment decisions on the operations and results of the Company. The strategy provides for the use of systems that ensure a regular and timely release of information about the Company to be provided to shareholders. Mechanisms employed include:

- Announcements lodged with ASX;
- ASX Quarterly Reports;
- Half Yearly Report and Annual Report; and
- Presentations at the Annual General Meeting/General Meetings.

The Board encourages the full participation of shareholders at the Annual General Meeting to ensure a high level of accountability and understanding of the Company's strategy and goals.

Corporate Governance Statement (continued)

7. RECOGNISE AND MANAGE RISK

7.1 Identification of Risk

Risk oversight, management and internal control are dealt with on a continuous basis by management and the Board, with differing degrees of involvement from various Directors and management.

The Board is responsible for satisfying itself that management has developed and implemented a sound system of risk management and internal control. The Board has delegated oversight of the risk and internal control policy, including review of the effectiveness of the Company's internal control framework and risk management process, to the Managing Director and his management team in conjunction with the Board.

Areas of strategic, operational, legal, business and financial risks are identified, assessed and monitored to assist the Company to achieve its business objectives, and are highlighted in the Business Plan presented to the Board by the Managing Director each year. The main operational risks have been identified as continuing to adequately fund the consolidated entity's projects, retention of quality staff, commodity prices and exchange rate fluctuations and the generally increasing cost of operations in the exploration and mining industry.

Arrangements put in place by the Board to monitor risk management include monthly reporting to the Board in respect of operations and the financial position of the consolidated entity.

Significant areas of concern are discussed at Board level. When appropriate, experts are invited to address Board meetings on the major risks facing the consolidated entity and to develop strategies to mitigate those risks.

The Board has no formal policy in place to recognise and manage risk as required by Recommendation 7.1, as it considers, in the context of the size and nature of the Company, that it would not improve the present modus operandi.

7.2 Risk Management Roles and Responsibilities

The Board is responsible for reviewing and approving the Company's risk management strategy, policy and key risk parameters, including determining the Group's appetite for major investment decisions.

7.3 Role of External Auditor

The Board seeks to ensure that ensure that the appointment of the external auditor is limited to maintaining the independence of the external auditor and to assess whether the provision of any non-audit services by the external auditor that may be proposed is appropriate.

8. ENCOURAGE ENHANCED PERFORMANCE

Board and management effectiveness are dealt with on a continuous basis by management and the Board, with differing degrees of involvement from various Directors and management, depending upon the nature of the matter.

The Board has no formal policy in place to encourage enhanced performance, as it considers, in the context of the size and nature of the Company, that it would not improve the present modus operandi.

The Board has adopted and undertaken a self-evaluation process to measure its own performance during the financial year. This process included a full review of the performance of the board individually and as a whole, and included a review in relation to the composition and skills mix of the Directors of the Company.

The performance of all Directors is reviewed by the Chairman on an ongoing basis and any Director whose performance is considered unsatisfactory is asked to retire. The Chairman's performance is reviewed by the other Board members.

The Company has established firm guidelines to identify the measurable and qualitative indicators of the Director's performance during the course of the year. Those guidelines include:

- attendance at all Board meetings. Missing more than three consecutive meetings without reasonable excuse will result in that Director's position being reviewed; and
- attendance at the Company's Shareholder Meetings. Non-attendance without reasonable excuse will result in that Director's position being reviewed.

The performance of each Director retiring at the next Annual General Meeting is taken into account by the Board in determining whether or not the Board should support the re-election of the Director. Board support for a Director's re-election is not automatic and is subject to satisfactory Director performance.

Arrangements put in place by the Board to monitor the performance of the Company's executives include:

- a review by the Board of the consolidated entity's financial performance; and
- annual performance appraisal meetings incorporating analysis of key performance indicators with each individual to ensure that the level of reward is aligned with respective responsibilities and individual contributions made to the success of the consolidated entity.

Corporate Governance Statement (continued)
